

Senior Quality Specialist, Liver Transplant

Broward Health Medical Center

Fort Lauderdale, FL

Req #33707

Broward Health Medical Center is a 716-bed, state-of-the-art Level I Trauma Center and Ft. Lauderdale's largest healthcare facility.

Full Time Eligible, 80 Hours per pay period. Monday – Friday 8:00am-4:30pm.

Requirements:

- Bachelor's degree obtained through a formal four-year program.
- Four years related experience.

Responsibilities:

- Coordinates activities aimed at achieving a continuous state of readiness surrounding program accreditation and certification with state and federal rules and regulations.
- Monitors and tracks new and proposed updates, modifications, or changes to OPTN, UNOS and CMS regulations and other applicable regulatory requirements that affect the organization's policies and procedures and patient safety initiatives.
- Makes recommendations to Transplant Program Director to ensure continued compliance with current and new proposed standards.
- Organizes efforts to measure, assess and improve patient care and program processes.

Thank you for your interest in Broward Health. Broward Health is an EO/AA procurer of goods/services, M/F/D/V.
