RN Clinical Transplant Coordinator

Company: Centura Health – Porter Adventist Hospital
Location: Denver, CO, 80210
Job Requisition: 2019-15294
Shift: Days
Work Type: Full-time

Flourishing Begins Here
You have a purpose, unique talents and NOW is the time to embrace it, live it and put it to work. At Centura Health, we value incredible people with incredible skills – but your commitment to a greater cause is something we value even more.

This position assumes responsibility and accountability for comprehensive care, support, and education to transplant recipients, living donors, if applicable, and their families throughout all phases of the transplant process. Participates as a member of the transplant multidisciplinary team to identify and meet the physical and emotion needs of the patient, ensuring the coordination of the clinical aspects for the transplant recipient. Acts as a liaison between the kidney transplant program and dialysis facilities, as applicable. Utilizes the nursing process to promote and restore optimal health and well-being of the patient. Ensures continuity of care through effective communication and collaboration with the multidisciplinary team, referring providers, and other health care professionals as necessary. The RN coordinator can cross-cover for other coordinators, multi-task, prioritize, and triage accordingly. Possible travel required to outreach clinics in Colorado and throughout the region. Assumes personal accountability for organizational mission and core values of Centura Health.

Job Requirements:
- Two years of acute or critical care nursing experience
- Previous transplant experience required
- Strong interpersonal, critical thinking, and analytical skills
- Strong computer skills
- Bachelor’s degree in Nursing from an accredited school of Nursing required
- Current Colorado RN license required
- Current BLS from the American Heart Association required
- Clinical Transplant Coordinator certification, preferred or obtained within 2 years of hire
