

Registered Nurse (RN) Transplant Coordinator - Heart Center

Johns Hopkins All Children's Hospital

St. Petersburg, FL

Full Time, Day Shift

Johns Hopkins All Children's Hospital is seeking a **RN Transplant Coordinator** to join our **Heart Center team**.

The Heart Transplant Nurse Coordinator is responsible for the coordination of transplantation for pediatric heart transplant recipients. This includes coordination of care across the continuum from pre-transplant, during transplant and post-transplant. Additionally, the transplant coordinator collaborates with members of the multidisciplinary team by developing, supporting and educating nursing staff and team members. The transplant coordinator is an integral member of the larger interdisciplinary team contributing to excellence in patient care, research, teaching, care transformation and maintaining regulatory compliance within the organization.

Shift details:

- 10 hour days with additional on-call responsibilities

Requirements:

- Current Florida RN Licensure
- Bachelors of Science in Nursing
- 5 years of pediatric cardiac experience in an acute care setting
- Transplant certification preferred

Apply:
