

## **Registered Nurse (RN) Liver Transplant Coordinator**

### **The William S. Middleton Memorial Veterans Hospital in Madison, WI**

(<http://www.madison.va.gov/>) is an 87-bed acute care facility that provides tertiary medical, surgical, neurological, and psychiatric care, and a full range of outpatient services. This facility serves 130,000 Veterans who live in 15 counties in south-central Wisconsin and in five counties in northwestern Illinois.

The Liver Transplant RN Coordinator works under the direction of the attending surgeon or hepatologist, and within a multidisciplinary team, that is responsible for the coordination of care for patients in outpatient settings, and for inpatient transplant education

**Work Schedule:** Days with off-tour on-call duties

#### **Requires:**

- United States Citizenship: Non-citizens may only be appointed when it is not possible to recruit qualified citizens in accordance with VA Policy.
- Graduate of a school of professional nursing approved by the appropriate State-accrediting agency and accredited by one of the following accrediting bodies at the time the program was completed by the applicant: The Accreditation Commission for Education in Nursing (ACEN) or The Commission on Collegiate Nursing Education (CCNE).
- Current, full, active, and unrestricted registration as a graduate professional nurse in a State, Territory or Commonwealth (i.e., Puerto Rico) of the United States, or the District of Columbia.

**Preferred Experience:** 2 years of experience in liver disease or clinical practice background that includes experiences in liver disease management or liver transplantation.

#### **Apply directly through:**
