

## Director Transplant

Job Req: 94674

### Summary:

Directs and manages the ongoing operations of the kidney-pancreas transplant services including quality, service, fiscal and human resources processes including the responsibility for compliance with policies, standards, and regulatory agencies (UNOS, CMS and Joint Commission) in order to ensure that comprehensive patient care services are being provided throughout the organization.

### Required Skills and Qualifications:

- Minimum of three - five years' experience in Transplant Administration at a Kidney-Pancreas Transplant Center.
- Minimum of three years' experience in transplant leadership role, demonstrated leadership and interpersonal skills necessary to communicate, facilitate, and negotiate effectively with a wide variety of hospital personnel and outside agencies required.
- Creative and innovative skill set as it relates to performance improvement design.
- Extensive knowledge of Medicare Regulations and in utilization of the KACC.
- Competent with use of computers and MS office.

### Education:

Master's in Business Management, Business Administration or related field required.

### About Sharp Memorial Hospital:

Sharp Memorial Hospital — the first hospital in San Diego with all private patient rooms — is dedicated to providing the highest-quality, person-centered care and consists of 368 beds. Designed to promote comfort and healing with the use of natural light and soothing colors, the hospital offers the latest medical technology.

The Transplant department is a multi-disciplinary department committed to high quality patient care and making a difference in the lives of patients and their families' pre and post-transplant.
