

Transplant Coordinator III/NP

UC Davis Medical Center
Sacramento, CA

Transplant Coordinator III/NP
Salary Range: \$5,289.60 to \$7,344.80 Bi-weekly
Final Filing Date: 11-4-2018

Responsibilities

This position is responsible for the management of patients needing dialysis access or having problems with their dialysis access as well as other surgical patients, including kidney transplant, in collaboration with the transplant surgeons. The TC III/NP must possess decision making skills regarding dialysis access management and transplant as it related to patient education. Specifically, he or she will have direct experience in working with the chronic kidney disease (CKD) population; direct experience with dialysis and/or transplant patients and direct experience developing and implementing orders in collaboration with members of the multidisciplinary team. Qualifications

REQUIRED

- Graduation from an accredited school of nursing with Master's degree.
- Graduation from an accredited nurse practitioner program.
- National Nurse Practitioner Board Certification.
- Possession of a valid California license as a registered nurse.
- Possession of a valid California Nurse Practitioner license.
- Possession of a valid DEA number and furnishing certificate.
- Possession of valid NPI number.

SPECIAL REQUIREMENT

- On-call duties, working weekends, holidays or overtime may be required.
- THIS POSITION MAY BE SUBJECT TO A CRIMINAL BACKGROUND INVESTIGATION, DRUG SCREEN, LIVE SCAN FINGERPRINTING, MEDICAL EVALUATION CLEARANCE, AND FUNCTIONAL CAPACITY ASSESSMENT
