

Senior Epic Phoenix EMR Application Analyst

UC San Diego Health

Filing Deadline: Open until filled

Salary Range: Commensurate with Experience

The Sr. Epic Phoenix EMR Application Analyst will actively contribute to an innovative team dedicated to continuous optimization improvements and quick resolutions for break/fixes associated with transplant services EMR (Phoenix). Incumbent will gain knowledge of the Epic EMR software, as well as the transplant service, operations and workflow, and will work closely with application analysts and clinical leaders to translate business needs into EMR functionality. Incumbent will be responsible for reviewing vendor software releases and updates to test features desired and then implement them within UCSD Health. Incumbent will participate within an on-call rotation to provide 7/24 problem management support and resolution for clinical systems.
