RN Transplant Coordinator – Adult Kidney

Creating the destination for Transplant Clinicians
#teamMHSflorida

When you join #teamMHSflorida, you can have a voice in the future of patient- and family- centered care. You can share in our bold and confident vision. Practice at the top of your license. And find a true home for your career.

RN Transplant Coordinator – Adult Kidney
Memorial Regional Hospital - Hollywood, Florida
\$5K Limited Time Sign-On Bonus
Full-Time, Days

You will work cooperatively as a member of the transplant team and be responsible for coordinating all the activities related to all phases of transplant; and in support of the growth and expansion of our Adult Kidney Transplant Unit, you will carry out the duties of a Living Donor Coordinator in a manner that reflects the emphasis we place on compassionate, value based, patient- and family-centered care.

These activities include evaluating potential recipients and living donors if applicable, educating potential recipients and potential donors if applicable, post-transplant patients and living donors if applicable; providing consultative services and education to nursing services during the transplant recipients' and living donors' hospitalization if applicable; and coordinating follow-up care of the transplant patient and living donor if applicable.

Qualifications:

- Florida Registered Nurse License
- One (1) year of critical care nursing experience; experience with solid organ transplantation preferred.

Kidney transplantation demands a comprehensive team effort, and we're fortunate to have a team of high caliber, dedicated physicians, nurses, intensivists, perfusionists, and laboratory medicine experts. Come share in our bold and confident vision. Find a true home for your career. And be part of a story that continues to unfold.

Kidney Transplant Clinical Program Manager

Memorial Regional Hospital - Hollywood, Florida

Memorial Transplant Institute has performed over 150+ kidney transplants and provided the second chance it represents for our adult and pediatric patients. Join us now for an amazing opportunity within our inclusive culture centered around patient- and family-centered care.

The Kidney Transplant Clinical Program Manager directs and coordinates the daily clinical operations of the service line. Responsibilities carry across the organization in order to support a multi-disciplinary team approach and collaboration, as well as for the daily operations and overall supervision of all clinical services delivered to our kidney transplant patients. In addition, direct responsibility for the management of clinical services provided by staff across the continuum of care: inpatient, outpatient, and all clinic care delivery sites.

Qualifications:

- Bachelor's degree required; Masters of Science in Nursing preferred.
- Valid Florida Registered Nurse License
- Two (2) years of experience within a specialized program as an RN, one (1) year of management/supervisory experience preferred.
- The candidate must be able to lead others and take appropriate action when required.

Kidney transplants require teamwork, and we're so grateful to have a team of exceptional, committed physicians, nurses, intensivists, perfusionists, and laboratory medicine experts committed to our patients and each other. Our transplant team is dedicated to providing patients with the expertise and attention they need during every part of their transplant and recovery, giving them everything needed from medical supervision to social support.

Tissue Procurement Coordinator

Westwood, KS

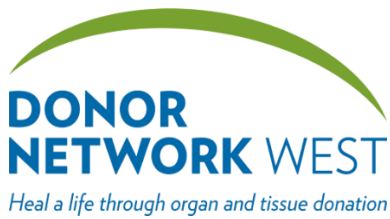

With a mission to save lives by honoring the gift of donation with dignity and compassion, Midwest Transplant Network (MTN) has been connecting lives in the Kansas and western Missouri communities for over 45 years. The successful development of organ and tissue transplantation is one of the most extraordinary triumphs of modern medicine, and MTN works to increase education and awareness to fulfill the serious need for organ and tissue donors and make it possible to deliver this miracle. MTN is a federally certified not-for-profit Organ Procurement Organization (OPO) and works with donors, donor families and hospitals to extend legacies, provide hope and give life.

The Tissue Procurement Coordinator is responsible for all activities related to the recovery of tissues and corneas for transplantation. We have multiple shifts available for this position including day and night shifts.

2-16-2023*4

Director of Organ Operations (Valley)

Location: Fresno, CA

Donor Network West's mission is to save and heal lives through organ and tissue donation for transplantation and research. At Donor Network West, we're looking for people who embody our core values: passion, excellence, equity and inclusion, and relationships. We welcome diverse perspectives and foster an environment of collaboration and service.

POSITION SUMMARY

The Director, Organ Operations has primary accountability for optimizing the quantity and quality of organs made available for transplant through leading a multi-disciplinary clinical team to meet the mission and vision of DNWest. The Director, Organ Operations, in conjunction with the Vice President, Organ Operations, is responsible for planning, developing implementing, and evaluating the clinical team in areas of organ procurement, personnel management, and fiscal management. This individual is responsible for ensuring that the clinical team provides high quality service at all times so that all donor potential is maximized. As a member of DNWest Senior Leadership, the Director, Organ Operations is a key member of the teams performing strategic planning, development, and implementation of those strategies to maximize donation. These strategies may include, but are not limited to community and hospital relations and education, referral management, authorization and family support, and clinical management and allocation.

We Offer:

- Discretionary annual bonus up to 15%
- Medical, dental & vision Insurance
- Health savings accounts
- 403b retirement plan with immediate employer contribution
- Education reimbursement up to \$6000 per calendar year
- Life insurance and LTD insurance
- Voluntary Life Insurance options
- Employee assistance and wellness programs
- Federal loan forgiveness programs

Organ Recovery Coordinator

Donor Network of Arizona

As an Organ Recovery Coordinator (ORC) you will be responsible for directing, overseeing, implementing, and maximizing the organ donation and procurement process in collaboration with the advisor on call (AOC), donation and family advocate (DFA), hospital staff, physicians, and medical director as needed.

The ORC is responsible for responding to heart beating ventilated referrals and assessing organ donor suitability. For potential organ donors, the ORC is responsible for overseeing family approach regarding donation and obtaining informed consent, in collaboration with DFA staff if available, as well as performing the medical and social history interview. Also, informing the donor family of donor designation and providing support to the family to proceed with the donor's wishes. This includes collaborating with hospital staff to determine appropriate timing for family counseling and approach.

The ORC is responsible for donor management, meeting donor management goals, allocation of organs, medical-legal activities surrounding death-neurological or cardiovascular, medical examiner consent, compliance with hospital policies, local, state, and federal requirements, as well as overseeing organ recovery and preservation. Maintaining donor records, assisting hospital development with post-donor hospital communication, providing donor family support, and communication in conjunction with donor family advocate services.

We Offer:

- Competitive Salary: \$39-\$ DOE plus on call pay
- Organizational Incentive Program Annually, up to 10% (7% at target)*
- Very Generous Medical, Dental & Vision Insurance
- Paid Life Insurance and LTD Insurance
- Voluntary Life Insurance options
- 403b employer match and profit sharing
- Generous Tuition Assistance Program
- Employee Assistance Program
- Employee Wellness Program
- Tobacco Free Workplace
