

NATCO 51st Annual Meeting
CE Activity Form
Maximum 15.25 Hours

See instructions on last page for completing this form properly.

Plenary Sessions- February 16, 2026

State of the Industry: Panel Discussion	1	
Part 1 - Out of Sequence Allocation: OPO and Transplant Center Perspectives	1.5	
Connect to Purpose	.25	
Part 2 - Out of Sequence Allocation: OPO and Transplant Center Perspectives	1.5	
Progress in Transplant	.75	
Physiology and Immunobiology of Porcine Liver Xenograft in Decedent Setting	.75	

Plenary Sessions- February 17, 2026

Improving Care for DCD Patients	.75	
Trust Talk 2.0: Burnout Isn't a Failure - Resilience Isn't the Fix	.75	
The US Transplant System: From Inception to Modern Era	.75	
Connect to Purpose - Transplant Hope: Two Deeply Connected Worlds	.25	

Plenary Sessions- February 18, 2026

Dynamic synergy and partnerships for increased donation and transplant success.	1.25	
A Predictive Model Supports Successful Kidney Transplant from a Marginal Donor	.37	
Vital Signs, Vital Questions: The Moral Tension of Looking Alive	.38	
Call to Action	.25	

Breakout Sessions – February 16-18, 2026

Procurement

Learning Exchange Breakout – Question to Run On	.75	
Forensic Pathology: What Can We Offer You?	.37	
The Donor Hospital, Two Pathologists, And the OPO All Work Together to Make Donation Happen	.38	
Maximizing Opportunity: Successful DCD Recovery with NRP Under Time Constraints	.37	
A Pulse of Possibility: The Lifesaving Power of Communication and Collaboration	.38	
Age Is Just a Number: Redefining DCD Liver Donation Potential with Normothermic Regional Perfusion	.37	
DCD Liver and Kidney Recovery: A Case of Resilience & Innovation	.38	
Using Digital Footprints to Improve Donation	.37	
Beating the Clock: LUCAS-Assisted Heart Recovery Amid a Compressed DCD Timeline	.38	
Learning Exchange Breakout – Question to Run On	.75	

Hospital Engagement

Learning Exchange Breakout – Question to Run On	.75	
Champions for Hope: Developing a DSA-wide Educational Program	.37	
Consistent Messaging of a Broad Clinical Triggers Results in increased DCD Opportunities	.38	
The Power of Nurses	.75	
Planned, Timely, Transformed: Elevating DCD Donation Through Simple Tools and Structured Practice	.75	
Communication Practices for Overcoming Resistance	.75	
Learning Exchange Breakout – Question to Run On	.75	

Family Services

Learning Exchange Breakout – Question to Run On	.75	
FPA Resistance vs. FPA Opposition	.75	
Get to Yes – Every Donor, Every Time	.75	
Finding the Yes: How Structured Authorization Huddles Are Transforming Family Conversations and Saving More Lives	.37	
OPO and Palliative Care Collaboration	.38	
Overturning First Person Authorization (FPA)	.75	
Learning Exchange Breakout – Question to Run On	.75	

Abdominal Transplant

The Ultimate Match: Inside the Coordination of a Single Center 10-Way Living Donor Kidney Chain	.75	
From Data to Decisions: An IOTA-Initiated Analysis of Kidney Offer Acceptance Patterns	.37	
Advancing Liver Utilization: The Role of Normothermic Machine Perfusion in Expanding the Donor Pool	.38	

Thoracic Transplant

Tiny Hearts, Big Challenges: Getting a Grasp on Waitlist Mortality in Pediatric Heart Transplant	.75	
Bridge to Lung Transplantation for Emphysema: Bronchoscopic Lung Volume Reduction (BLVR) using one-way Valves	.37	
Drowning Case Study	.38	

Hospital Partners

Learning Exchange Breakout – Question to Run On	.75	
Utilizing Centralized Communication systems to improve organ donation workflow and collaboration: How two academic hospitals leveraged electronic health record systems to improve the donation process.	.37	
Cultivating Donation Champions in Non-Transplant Hospitals	.38	
When Family, Team, and Systems Align: A Case of Neonatal Organ Donation after Cardiac Death	.75	
Approaching Families for Organ Donation. Challenges and Considerations for Improved Communication and Collaboration.	.75	
LifeLink's Donor Care Unit at Piedmont Atlanta Hospital: Saving more lives through specialized donor management and collaboration	.75	
Learning Exchange Breakout – Question to Run On	.75	

Transplant Plenary

Learning Exchange Breakout – Question to Run On	.75	
Optimizing Coordination in the Era of Advanced Preservation: Practical Insights from the Field	.75	
Living Donation	.75	
Learning Exchange Breakout – Question to Run On	.75	

Leadership

No More 'How's It Going?' — Making One-on-Ones Matter in OPO Leadership	.37	
Leading Your Team Through Change	.38	
Unifying Referring Partnerships: Enhancing Efficiency and Outcomes Through Strategic Realignment	.75	

Activity Form Completion	0.25	
--------------------------	------	--

Total CE: _____

By submitting this form, I attest that I have attended each and every session as indicated above.

Name: _____

Email: _____

INSTRUCTIONS TO OBTAIN CONTINUING EDUCATION CREDIT

1. **PRINT** your name and email address at the bottom of the form before you begin documenting your activities.
2. After each educational session that you attend, type in the appropriate hours in the blank box.
3. Please print as a PDF and email a copy to the NATCO Executive Office at info@natco1.org.
4. If you do not turn in a form, you will not receive a continuing education certificate.
