

## Certified Clinical Transplant Dietitian (CCTD) Eligibility Criteria

The CCTD certification is valid for three years, after which an application must be submitted for recertification. Initial eligibility requirements are listed below. Eligibility will be evaluated by the CCTD Workgroup.

**\*\* Important: Please read all FAQs prior to application submission \*\***

### *Core Eligibility Requirements*

Applicants must meet both core requirements and one additional eligibility requirement:

❖ **Active Registered Dietitian**

- Active with the Commission of Dietetic Registration (CDR) credential or a body determined to be equivalent if not located in the United States.

❖ **Transplant Dietitian Experience** – Minimum of **4,000 hours** (2 full years) of transplant experience

**Examples of transplant dietitian experience include the following:**

- Interaction with transplant candidates, recipients, and living donors
- Participation in multidisciplinary transplant meetings (e.g., MRB, QAPI)
- Attendance at transplant rounds and involvement in research or quality improvement initiatives
- Providing transplant-related nutrition education to staff

### *Additional Eligibility Requirements*

To be eligible for certification as a CCTD, individuals must meet both core requirements outlined above and have completed at least one of the following in the prior **5 years**:

Option	What Counts	Documentation Required
<b>Published Work</b>	Peer-reviewed transplant nutrition article or book chapter	Copy of manuscript
<b>Oral Presentation</b>	Presentation on transplant nutrition at a national transplant or national nutrition conference (including roundtable/panel)	Copy of presentation + conference agenda
<b>Webinar Presentation</b>	Webinar on transplant nutrition for a national transplant or nutrition organization	Copy of webinar presentation
<b>Poster Presentation</b>	Poster on transplant nutrition at a national transplant conference	Copy of poster + conference agenda
<b>Committee Service</b>	Served ≥1 year on a national committee related to transplant/transplant nutrition	Written proof from committee lead including hours/time served
<b>Continuing Education (CEUs)</b>	Minimum of 30 transplant-specific CEUs	Spreadsheet to include title of education presentation, date of completion, CEU credits and type (CDR, Category 1 CME/AMA PRA, CEPTC), copy of certificate

**Tip:** Regional or hospital-based presentations may qualify for partial CEU credit. See FAQs for full guidance.
