

How to Access Certificates in the NATCO Academy

All Archived Webinar CE Certificates are now available through the NATCO Academy. Learners can log into their NATCO Account, access the NATCO Academy and automatically receive their certificates once an archived webinar is completed.

For an Archived Webinar to show as completed in the NATCO Academy the full video will need to be watched and survey completed, only then will the system generate a certificate.

Step 1: Log Into Your NATCO Account and Access the NATCO Academy

- **If you already have a NATCO account**, simply [sign in](#) to get started. Click the NATCO Academy link within your profile, upper left-hand corner.
- **If you don't have an account yet**, you can easily [register](#) to access all our educational resources.
- **Webinars are free for members and \$35 per webinar for non-members.**

Step 2: Once logged in, access the NATCO Academy, Navigate to the MyLearning tab

- After entering the NATCO Academy, navigate to the MyLearning tab at the top.

NATCO Course Links

CTP Review Course

The Certified Transplant Preservationist (CTP) Review Course provides resources, exam taking strategies, and helps generate the confidence that potential candidates need to pass the certification examination. The course has been updated to reflect the latest content presented on current certification exams.

2026 CCTC Review Course On-Demand

The Certified Clinical Transplant Coordinator (CCTC) Review Course provides resources, exam taking strategies, and helps generate the confidence that potential candidates need to pass the certification examination. The course has been updated to reflect the latest content presented on current certification exams.

Step 3: Navigate to the Completed tab. Locate the Completed Archived Webinar

- Once under the MyLearning Page, navigate to the completed tab.

The screenshot shows the NATCO My Learning interface. At the top, there is a navigation bar with 'Dashboard', 'Catalog', and 'My Learning'. Below this is an 'Activity' section with four statistics: YTD Completions (42), Total Completions (42), YTD Credits (37.0), and Total Credits (37.0). Below the statistics, there are two tabs: 'Enrolled' and 'Completed', with the 'Completed' tab circled in red. A search bar is present, and a notification says 'Hit Enrolled tab, to refresh the data'. Below the search bar is a table of completed webinars.

Title	Last Visited	Completion	End Date	Time Spent
<p>May 2025 Webinar - Mission: Lung Possible – Boosting Lung Utilization Through OPO and Lung Bioengineering Collaboration</p> <p>View Launch</p>	05/20/2026	0%	05/20/2125	
<p>September 2025 Webinar - Paragonix Kidney Vault New Device</p> <p>View Launch</p>	05/20/2026	0%	05/20/2125	

Step 4: Click Certificates on the specific course, click the link that pops up. Download Certificate

- Once in the Completed Section find the course (Archived Webinar) you are looking for the certificate for.
- Click Certificates, Click the certificate text/link that appears, your certificate will open in a new window where you can download and save it for your records.
- Certificates will be kept in the NATCO Academy and can be accessed at any time. You can access previous year by adjusting the completed by year at the top of the search.
